This week's meeting:

Improving health outcomes

July is Rotary's Maternal and Child Health month and we will kick it off by hearing about Connect Medical Clinic's expansion of services, space and scope over the last year. Speakers Dr. Thomas Arnold and Rachel Marshall, FNP-C, will provide details about these updates, and how Connect is advocating for maternal health and improved health outcomes for men and women in our community.

Today's Meeting:

Greeters: Carol Enderle & Andrew Parsley

Next Week: Rita Ennen & Chad Renicker

Community Kindness for July is cash donations for a child safety program and drug prevention program being implemented by the Dickinson Police Department.

Invocation: Gathered in this circle of connection, let communication be the bridge that spans the gap between minds, leading to greater understanding. **AMEN**
